| Pallet | 60 | 1200*1000*1750 |
| Pallet | 60 | 1800*800*1750 |

Standard tolerance of $\pm 5\%$

*Special blends and additives available for non-standard conditions.

Specifications can be modified without notice; please contact your our representative to ensure you have the most recent information.

All Units and or Trays must be installed on a perfectly clean and even platform.
The base of this platform must be of a suitable strength to evenly support the full weight of the unit when it is full to its capacity of water depending on the tank size.
